

ASTRO CAMP SPRING SESSIONS 2013 - REGISTRATION APPLICATION

**Astro Camp® will be in a NEW LOCATION for Saturday Camps Beginning March 2013:
INFINITY® Science Center - A NASA Visitors Center**

INFINITY is located off Interstate 10, at Mississippi Exit 2 (South), Highway 607 – next door to the Mississippi Welcome Center (rest area). When exiting Interstate 10 at Exit 2, head SOUTH on Highway 607 and look for signs posted to direct you to INFINITY Science Center. When travelling North on Highway 607 (from Bay St. Louis, MS), the turn for INFINITY Science Center is approximately ¼ mile South of Interstate 10.

Total cost for each Saturday camp is \$30.00. Application is confirmed when registration fee is received. Camp hours are 8:15 a.m. - 3:45 p.m. Campers need to bring a lunch; water and snacks are provided.

March 9, 16, 2013

First Flight to Space Flight

Astro Campers will celebrate the wonders of aerodynamics as they explore the world of flight through fun and exciting hands-on activities, games, and models. Campers will experiment with the four forces of flight following human exploration from Earth to Mars. Designing, building, and testing, campers will create their own time-line of models including kites, hot air balloons, helicopters, airplanes, rockets, space shuttles, and even a future Mars flight exploration vehicle. Excitement begins for the aviators of tomorrow as they look to the sky and beyond!

April 13, 20, 2013

Rocketry 101

It really is Rocket Science! Rocket Science 101, that is. At the Rocketry 101 camp, students will discover Newton’s Laws of Motion through the building and testing of model rockets and other propulsion models. Investigations will begin with the basic components of air rockets designed to carry a small payload, and lead to experimentation with chemical fueled propulsion systems. Each camper will learn the components of a launch vehicle, launch procedures and launch safety protocols. Astro Campers will conclude the session with the construction and testing of their own Estes Alpha III rocket. NASA’s Launch Services Program (LSP) does the same things for real rockets and exciting missions every day – now it’s your turn to join the team!

Starting March 2013, INFINITY will be the ONLY drop off and pick up location available for Saturday Camps.

Please call 228-688-1378 for more information on camp changes for 2013.

REGISTRATION FORM FOR ASTRO CAMP SATURDAY 2013

Please **CIRCLE** one session of camp you would like your child to attend:

March 9 or March 16 First Flight to Space Flight

April 13 or April 20 Rocketry 101

Crew Member’s Name: _____ Age: _____

Mailing Address: _____

City/State/Zip: _____

Parent’s/Guardian’s Name: _____

Daytime or Work Phone: (_____) _____ Evening or Home Phone: (_____) _____

Send check or money order for \$30 payable to **Jacobs Technology, Inc.**, and please write camper’s name somewhere on the check.

Send payment and registration application to:
NASA Stennis Space Center, Astro Camp Registration, Building 1200, Stennis Space Center, MS 39529

For more information call 228-688-7623 or toll-free 1-800-237-1821 (option 4)
