Astronaut Training Camp 101

Astronauts of the future will travel beyond Earth to the International Space Center, asteroids and eventually to Mars. During Astronaut Training 101 campers will investigate just what it takes to live and work in space. Campers will learn about rockets that propel astronauts out into the solar system and the engineering behind traveling and landing on destinations beyond Earth. Campers will design their own spacesuit, participate in astronaut physical fitness activities and learn about the nutritional needs of astronauts in space.

REGISTRATION FORM FOR ASTRO CAMP SATURDAY DECEMBER 7, 2013

Upon receipt of completed registration form and payment an Astro Camp representative will call you and confirm admission.
